

Advance in Mechanical Ventilation Workshop

Monday, February 20th 2012

Legian, Kuta, Sanur, Gran Melia Hotel

Course Director : Yohannes WH George
Secretary : Nina Noviana

Time	Program		Instructor
08.00 – 08.30	Re-Registration		
08.00 – 08.15	Opening Ceremony		Yohannes WH George
08.15 – 08.40	Lecture	A New Modes of Mechanical Ventilation – Bilevel Ventilation – Proportional Assist Ventilation – Volume-Assisted Pressure Support Ventilation – Inverse Ratio Ventilation	Yohannes WH George
08.40 – 09.05		Complications of Mechanical Ventilation	Barry Dixon
09.05 – 09.30		Lung Protective Strategy in ARDS	Az Rifki
09.30 - 09.45	COFFEE BREAK		
09.45 - 10.10	Lecture	A New form of Ventilation Monitoring	Rudyanto Sedono
10.10 – 10.35		WEANING PROCESS; With Advanced Mode of PAV+	Antony Tobin
10.35 – 11.00		Transesophageal Monitoring	Kumaran Maheswaran
11.00 – 11.25		Heart-Lung Interaction	Yohannes WH George
11.25 – 11.50		Calorimetric in Mechanical Ventilation	Joseph Abough
11.50 – 12.50	LUNCH		
12.50 – 16.10	Skill Station	Transesophageal Monitoring	Kumaran Maheswaran
		Lung Protective Strategy in ARDS	Az Rifki
15.00 – 15.10	COFFEE BREAK		
12.50 – 16.10	Skill Station	WEANING PROCESS; With Advanced Mode of PAV+	Anthony Tobin
		A New form of Ventilation Monitoring	Rudyanto Sedono
		Calorimetric in Mechanical Ventilation	Joseph Abough Luciana Sutanto
16.10 – 16.40	Debriefing & Feedback		All Instructors

Note: each skill station will be rotating every 40-60 minutes
